## 2017-20 Plan Summary

### THE STORY

Briefly describe the students and community and how the LEA serves them.

The Fort Sage Unified School District is a Transitional Kindergarten through 12th grade school district. The district consists of three schools and a charter school (Mt. Lassen Charter School), Sierra Primary (TK – 6), Herlong Jr. High (7 – 8), and Herlong High School (9 – 12). The middle school and comprehensive high school are located on the same campus.

The mission of the Fort Sage Unified School District is to cultivate each student's academic growth as well as their physical, emotional and social well-being, all the while recognizing every student's unique abilities to think, learn, and create.

There are approximately 133 students (TK – 12), 79 students are unduplicated which includes: 76%(#) low-income, < 1%(#) English learners, < 1%(#) foster youth, < 1%(#) homeless, and 17%(#) students with disabilities. The district seeks to provide: encouragement and modeling, authentic teaching, engaging curriculum in a safe environment, while understanding the changes and challenges of the world outside our school community.

## LCAP HIGHLIGHTS

Identify and briefly summarize the key features of this year's LCAP.

Through analysis of our state and local data and input from staff and stakeholders we identified our focus areas to be addressed to achieve our vision. "The mission of the Fort Sage Unified School District is to cultivate each student's academic growth as well as their physical, emotional and social well-being, all the while recognizing every student's unique abilities to think, learn, and create." Based on this process, the actions and services in the LCAP fell into the following areas of influence:

1. Provide services/opportunities for under performing students, targeting assistance to low-income, English learners and foster youth, to meet/exceed grade level standards.
2. Align staff development to standards, improve student outcomes, current professional needs, and support students for college/career readiness.
3. Address barriers to improve student achievement in math, Language Arts, decrease suspensions, attendance, and parent engagement.

By addressing these focus areas the LEA will increase achievement for all students, in all content area.

## REVIEW OF PERFORMANCE

Based on a review of performance on the state indicators and local performance indicators included in the LCFF Evaluation Rubrics, progress toward LCAP goals, local self-assessment tools, stakeholder input, or other information, what progress is the LEA most proud of and how does the LEA plan to maintain or build upon that success? This may include identifying any specific examples of how past increases or improvements in services for low-income students, English learners, and foster youth have led to improved performance for these students.

\*\*\*\*Blue and green on dashboard with local indicator!!!! Healthy Kids survey\*\*\*

All categories of District suspensions are in the Low to Medium range and have declined significantly. For "All Students", they Declined Significantly by 7.1%, for "Socioeconomically Disadvantaged", they Declined Significantly by 8.0%, for "Students with Disabilities", they Declined Significantly by 10.2%, for "Hispanic or Latino", they declined 5.9%, for "American Indian or Alaskan Native", they Declined Significantly by 5.9%, and for "White", they declined by 7.0%. The subgroup that the District is most proud of is the Students with Disabilities. With a 10.2 % decrease, the change in suspension rate was greater than any other subgroup.

With the hiring of a new Superintendent/Principal, there has been additional support for the staff. He has provided guidance on classroom management, school wide discipline and rewards for positive student behaviors. In addition, the Middle/High school had a staff member trained on the PBIS program and the Primary school has continue to add additional components to the already established PBIS system they are using.

The District will maintain/build on that success, by continuing to train staff on implementing our PBIS program (Positive Behavior and Incentive System) and ensuring that the strategies are followed District-wide with diligence to maximize our greatest opportunity for success. Tier 2 and Tier 3 interventions will be emphasized to reach students with more extreme behavior tendencies. The District is increasing connections with the local Resource Center to improve Behavior Counseling opportunities and additional resources for students that need it. In addition, The District is working with a non-profit organization that will be providing direct services by assess current school climate and issues of violence in the school and community of Herlong. Provide targeted strategies and tools for prevention, promote in-school safety, and build upstanders amongst the students in the school.

See Goal: 2

## GREATEST PROGRESS

Referring to the LCFF Evaluation Rubrics, identify any state indicator or local performance indicator for which overall performance was in the “Red” or “Orange” performance category or where the LEA received a “Not Met” or “Not Met for Two or More Years” rating. Additionally, identify any areas that the LEA has determined need significant improvement based on review of local performance indicators or other local indicators. What steps is the LEA planning to take to address these areas with the greatest need for improvement?

The Dashboard Display indicator for:

All Students in mathematics- was "RED" and Socioeconomic Disadvantaged in mathematics- was "Very Low."

All Students in ELA- was "Orange".

Socioeconomic Disadvantages in ELA- was "RED".

Upon reviewing the review of the State indicators reported on the California School Dashboard, the Advisory/Site Council Committee determined that the following areas were found to be the areas with the greatest need for improvement.

- All students in mathematics, with special emphasis on the Socioeconomically Disadvantaged. The LEA is planning to implement a six week summer school that will provide support in mathematics for all students K-6th grade. In addition, the District will provide additional training in the current Mathematics program to ensure it is being taught with fidelity. Also, a 50% Title 1 teacher will be provided to support small group math instruction for the 2017-2018 school year.
- All student in ELA, with a special emphasis on the Socioeconomically Disadvantaged. The District's summer school has designated Language Arts instruction built into its daily lesson schedule. In addition, the District has employed a certified Reading Specialist to support teachers at Sierra Primary. The Reading Specialist will also be employed for the 6 week summer school program as support for low performing students. The District has also purchased a California adopted Language Arts program that includes additional support for ELA and interventions for low performing students. In addition, the District is seeking to hire a new English teacher for the Middle/High school.

Goal: 3

## **GREATEST NEEDS**

Referring to the LCFF Evaluation Rubrics, identify any state indicator for which performance for any student group was two or more performance levels below the “all student” performance. What steps is the LEA planning to take to address these performance gaps?

## PERFORMANCE GAPS

Although there were no performance gaps indicated in the California School Dashboard, the suspension Rate for Hispanic or Latino is two levels below the "All Students" rates. Additionally, the decline percentage was the lowest for all subgroups. To address the gap Fort Sage Unified School District LCAP includes the following actions and services:

- Time to Teach did not work well for the Fort Sage Unified School District. Instead, the Primary continued its implementation of PBIS and the high school decided to revisit and re-implement the PBIS program which it has used in the past. Teachers from Sierra Primary attended 3 refresher trainings and Herlong High School attended a 2-day training at the Lassen County Office of Education to learn about the latest methods and resources. They brought that information back to their respective campus and will continue/begin implementation of the program. The District will continue to train staff on implementing our PBIS program (Positive Behavior and Incentive System) and ensuring that the strategies are followed District-wide with diligence to maximize our greatest opportunity for success. Tier 2 and Tier 3 interventions will be emphasized to reach students with more extreme behavior tendencies. The District is increasing connections with the local Resource Center to improve Behavior Counseling opportunities and additional resources for students that need it.

## INCREASED OR IMPROVED SERVICES

If not previously addressed, identify the two to three most significant ways that the LEA will increase or improve services for low-income students, English learners, and foster youth.

Based on staff and stakeholder feedback and research on effective practices we are implementing more numerous LCAP Action/services to improve services for the low income, English learner, and foster youth. Three significant actions to improve services are:

1. Provide additional ELD and sheltered content class support for all grade levels. Teachers at the Primary school have received training in differentiation, and ELD teaching strategies. The primary grades will have access to a six week summer program that will continue ELD, low income, and foster youth academic support services.
2. A new Language Arts program was purchased for the the primary school and will be implemented in the 2017-18 school year. This program emphasizes small group/differentiated instruction and includes an extensive ELD component. The Middle/High school purchased a new Language Arts program and has utilized it for the 2016-17 school year. Both programs are state adopted and contain curriculum for intervention, enrichment, and ELD support. Both programs align with CA state Standards/Framework.
3. The District employed a Certified Reading Specialist who will be serving as the 1st/2nd grade combination teacher for the 2017-18 school year. She will be able to target low performing students that are low income, English Learners, and foster youth. The District will also utilize the Title 1 teacher to target low performing Socioeconomically Disadvantaged students.

## BUDGET SUMMARY

Complete the table below. LEAs may include additional information or more detail, including graphics.

DESCRIPTION	AMOUNT
Total General Fund Budget Expenditures for LCAP Year	\$2,505,530.46
Total Funds Budgeted for Planned Actions/Services to Meet the Goals in the LCAP for LCAP Year	\$263,575.00

The LCAP is intended to be a comprehensive planning tool but may not describe all General Fund Budget Expenditures. Briefly describe any of the General Fund Budget Expenditures specified above for the LCAP year not included in the LCAP.

The School-Wide General Fund Expenditures for the 2017/2018 total \$2,187,625.97. The majority of the expenditures not included in the LCAP are personnel costs with \$ 1,378,644 or 77% for salary, health benefit contributions, retirement contributions, statutory employer payroll taxes for all certificated and classified employees, Books and supplies account for \$ 105,982 or 6%. ### ANNUAL MEASURABLE OUTCOMES

#### EXPECTED

- 1A: 84% of the District teaching staff meet California requirements as Highly Qualified. This will increase to 100% for 2016-2017.
- 1B: 100% of our classrooms will continue to have sufficient instructional materials as verified by a district board resolution and/or Williams report.
- 1C: District will continue to have 100% of their schools in good or exemplary condition as measured by the Facility Inspection Tool (FIT)/Williams report
- 2A: A baseline for lessons taught using CA State Standards has not been established for 2015-2016. A baseline will be established in 2016-2017. Lesson plans are submitted on a weekly basis.
- 2B: District did not use a needs assessment report for the 2015-2016 year to gather data on the areas of PD Needs. The district will use a needs assessment report for the year 2016-2017 to determine areas of PD needs.
- 4A: Performance on Standardized tests: Since two years of data is needed to determine growth targets, the 2014-2015 and 2015-2016 CAASPP ELA and Math scores will be used to determine these targets. The data for 2015-2016 will be available in the Fall of 2016.

#### ACTUAL

- Priority 1: Basic Services (Conditions of Learning)
  - 1a. 100% of the district's teachers are appropriately assigned. Currently 68% of teachers are fully credentialed in the subject areas and for the pupils they are teaching. As evidenced by our School Accountability Report Card and Student Information System.
  - 1b. 100% of our classrooms have sufficient instructional materials as verified by a district board resolution and Williams report. A focus has been placed on new and current state adopted textbook materials for English learners, including supplemental materials, in the four core subject areas (English language arts, mathematics, history/social science and next generation science standards).
  - 1c. Overall the District has a rating of good condition. Two categories are rated in fair condition: Systems and External, as measured by the Facility Inspection Tool (FIT) and Williams' report.
- Priority 2: Implementation of State Standards (Conditions of Learning)
  - 2a. Teachers are moving from "Developing Awareness" to "Full Awareness" in implementing the California standards in mathematics, using a standards implementation rubric. Teachers are in the "Full Awareness" in implementing the California standards for English language arts and English language development. The performance standards for d. through k. are in the "Initial" to "Developing"

Data will be obtained and growth targets will be determined for 2016-2017.

Priority 4: Pupil Achievement (Pupil Outcomes)

Example for year 1 2015-2016:

4a. Performance on Standardized test:

2015-2016 CAASPP data:

English Language Arts:

Grade 3-6: 16% met or exceeded

Grade 7-8: 32% met or exceeded

Grade 11: 33% met or exceeded

Mathematics:

Grade 3-6: 13% met or exceeded

Grade 7-8: 14% met or exceeded

4b. Score on Academic Performance Index: Multiple measure replacement for the API under development.

4c. 19% of pupils have successfully completed courses that satisfy University of California (UC) or California State University (CSU) entrance requirements, or programs of study that align with state board approved career technical educational standards and framework as measured by our Student Information System/CALPADS.

4d. English Proficiency: Fluent English Proficient is 0% and Redesignated Fluent English Proficient is 0%, as measured by the California English Language Development Test (CELDT). The district currently does not have English Language Learners enrolled.

4C: Benchmark to be established during the 16-17 school year regarding the number of students who have completed courses that satisfy A-G requirements for entrance into UC or CSU as well as CTE Sequences. (CALPADS/ ARIES and Transcripts)

4D: English Proficiency – Our measurable outcome is their language proficiency level will increase by 1 (one) each school year. This year 0% of our EL students grew by one level. (AMAO 1).

4E: EL reclassification rate – Our rate of reclassified EL students will increase by 1 students as compared to this year’s 0.

4F: Share of students that pass AP exams with three or higher will increase. 0 students took the AP exam in 2015-2016. That number will increase to 2 or more.

4G: Share of students participating in the Early Assessment Program (EAP) will increase by 3 or more students from this year’s 0.

4e. EL reclassification rate: Our rate of reclassified EL students is 0% - No students were redesignated as reported in our CALPADS data. The district currently does not have English Language Learners enrolled.

4f. For the 2016-17 school year no students passed Advanced Placement Exams reported by College Board and included in our Student Information System.

4g. For the 2016-17 school year no students passed the Early Assessment Program reported by College Board and included in our Student Information System. SBAC ELA: Grade 11: 33% met or exceeded, SBAC Math: 17% met or exceeded.

ANALYSIS

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed.

Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

Actions/Services for this goal were generally implemented as planned with a few exceptions primarily due to the difficulty in finding teachers with the correct credentialing in the subject area for the classes they are teaching. Our District is located in a remote area in Northern California with few people applying for job openings that arise. The other action/service not implemented as described is the Facility Projects per 5 year facility plan. The District currently has one maintenance worker who oversees all the school sites. He is only supported by two part time janitor/custodians. Due to time constraints, he has been unable to establish a working 3 or 5 year plan. To support that action, the District is hiring a full time janitor/maintenance worker.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

The District was unable to meet its goal for teachers working within their subject area credential. In addition, the District was not able to establish a 3 to 5 year Facility Plan. However, the District was able to do upgrades to lighting for all sites, updated the overall appearance with current student achievements, and is beginning the process of getting additional stakeholder input for the direction of project priorities. The suspension rate has decreased and student surveys indicate positive feelings about safety, and overall happiness at school. In addition, the District purchased new Language Arts Common Core State Standard programs for Kindergarten through 12th grade.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

Goal 1	Budget	Actual	Difference	%
Title 1	5000	0	-5000	-100%
S+C	75500	84840	9340	12%
Base	30300	19055	-11245	-37%
Title II	2500	3546	1046	41%
Other	5000	0	-5000	-100%
Loc. Def	30000	0	-30000	-100%
Maintenance	21000	4959	-16041	-24%
REAP	0	46862	46862	100%

Total	169300	159262	-10038	-6%
-------	--------	--------	--------	-----

The material differences between the budgeted REAP funds and the actual expenditure was due to REAP monies replacing the budgeted funds from "Other" and "Base".

The material difference between the budgeted Title 1 funds and the actual expenditure was due to the designated Action being paid out of Title II funds.

The material difference between the Locally Defined funds and the actual expenditure was due to the designated action being paid out of Supplemental and Concentration funds.

The material differences for action 3 are primarily due to an underestimation of the cost for Lassen County Office of Education Tech hours and materials as part of the Master Agreement.

The material differences for action 6 were primarily due to an overestimation of how much would be utilized for small maintenance projects.

The material difference for all actions and services in Goal 1 was approximately 6%.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

**Analysis:**

After analysis of the outcomes on the California School Dashboard, it was determined that suspension rates need to continue to be addressed, and additional support for new teachers should be emphasized to ensure students get increased access to common core state standards facilitated by an effective teacher.

**Changes:**

Although suspension rates have decreased overall, the District will be replacing behavior programs such as Time to Teach and Box out Bullying and utilize Positive Behavior Incentive Support (PBIS) District-wide.

Action 2: Remove "Only HQ teachers will be hired". The LEA will emphasize supporting new teachers through onsite mentoring and continuing to offer support through the Alliance for Teacher Excellence program. The changes to the action will be placed in Goal 1.

- Remove Education programs expenses from Goal 1 that are currently included in Goal 4 and 5 ( Hire 1 full time or 50% or greater Title 1 teacher.) The Action to "Hire 1 full time or 50% or greater Title 1 teacher" will be moved to Goal 3.
- Modify the Primary Librarian/Intervention aide to Librarian/ Media Tech/Aide. This change in action will be located in Goal 1.

## ANNUAL MEASURABLE OUTCOMES

### EXPECTED

3A: A new baseline for parents attending school functions will be established for 2016-2017 utilizing sign in sheets.

3A: Increase the # of parent surveys returned to 50 or more from 29 in 2015-2016.

3A: Our district increased the opportunities given to parents for input on key educational issues at their schools by sending home 2-3 surveys throughout the year, giving access to a survey on our website, and getting feedback from PAC in Advisory/Site Council meetings.

3B: We currently have 1 EL student at our district. Therefore, ELAC and DELAC are not established. Parents of EL are encouraged to participate in PAC, and Advisory/Site Council meetings.

3C: Increase the % of Exceptional Needs parents participating in school functions and meetings. Our district will establish a baseline in 2016-2017 utilizing sign in sheets for all students and confidentially identifying the % of Exceptional Needs Parents participation.

### ACTUAL

Priority 3: Parental Involvement (Engagement)

3a: 64% of parents attended school functions. 24 parent surveys were returned. The district provided parent input by distributing 2 surveys, website, and feedback from the PAC.

3b. Parents of unduplicated pupils were included in the survey for Family and Community Engagement and the responses were 37%”

3c. Participation for parents with exceptional needs highlights 90% of parents participate in scheduled IEP meetings and 80% attend other school functions.

Actions/Services

**PLANNED**  
 Administer 3 parent surveys and 3 student surveys annually. Report results to Advisory Committee/ Site Council. Dates should be established in August and submitted to the District Secretary to be put on the District calendar.

Determine an action plan if surveys indicate an area of weakness or need.

Continue to provide Survey Monkey on the website and increase parental awareness on how it can be used to express concerns or provide feedback.

**ACTUAL**  
 Action Met:  
 Sierra Primary has administered 3 student surveys. The results for the first and second surveys were reported to the Advisory/ Site Council in the April meeting.

Sierra Primary established dates that coincided with 2 scheduled times for Parent Conferences and the last week of school.

Sierra Primary staff discuss the feedback provided on the surveys and make recommendations that will be reported in Advisory/ Site Council meetings. With stakeholder input, and action plan is determined to improve areas of weakness or need. Survey Monkey was encouraged but resulted in no use from parents, staff, or community members.

Herlong Middle/ High School conducted a Healthy Kids survey for 7th through 12th grade. In addition, parents were encouraged to use of the online Survey Monkey. An exit survey was given to High School Seniors.

Staff input and WASC committee feedback was utilized to complete the WASC Mid Cycle report.

**ANALYSIS**

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed.

Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

Actions/services for the goals were generally implemented as planned with a few exceptions primarily due to a turn over in Superintendent which did not allow for monthly Site Council/Advisory meetings. However, a schedule has already been established for the 2017-2018 school year that will ensure that meetings occur monthly. During the Site Council/ Advisory meetings, parents and staff were able to discuss LCAP Priorities, Goals, surveys, and actions that will guide the LCAP for 2017-2020. The actions/services not met were the staff updating their website consistently. Lacking a password and training, this was not a realistic action. The District has appointed a staff member to oversee and train other staff for the 2017-2018 school year.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

The metrics for the associated priorities and local measures were used to determine the overall effectiveness of the actions/services to achieve Goal 2: Family engagement will be addressed at all grade levels. Relationships will be fostered between home, school, and communities to improve student performance, achievement and confidence. Although the Primary school had several family events, they were all focused on academics and performing arts. Students that excel at sports got little recognition through sporting events geared at that grade level. The Middle/High School focused most of their parent engagement activities on sporting events and FFA activities. There was a deficit of academically geared events. Both sites did not have a diversity of activities that could have drawn in more of the parents of target students.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

Goal 2	Budget	Actual	Difference	%
S+C	1300	1100	-200	15%
Suppl	1000	205	-795	80%
Base	775	2344	1569	70%
Loc. Def	2000	0	2000	100%
Total	5075	3649	2574	51%

The material differences between the budgeted Supplemental and Concentration funds and the actual expenditure was due to the discontinuation of the action it was budgeted for. The material differences between the budgeted Supplemental funds and the actual expenditure was due to an overestimation of event supplies and incentives. The material differences between the budgeted Base funds and the actual expenditure was due to unbudgeted staff time and using Base funding to cover for expected Locally Defined budget actions. The material difference between the budgeted Locally Defined funds and the actual expenditure was due to those actions being funded with Base fund monies.

The material difference for all actions and services in Goal 2 was approximately 51% less than the expected budget.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

**Analysis:**

Although parent engagement was maintained, the District lacked diversification in the events that were held at each site. This resulted in parent engagement not improving for the target group.

**Changes:**

Action 2: The LEA will discontinue the use of Survey Monkey. This will be removed as an action.

Action 3: "Each site will have an administrator to do weekly updates". This action will be altered to say "The LEA will have an administrator to update the website."

Action 4: Add "The Primary School will include more diverse parent engagement events such as sports to increase target student attendance. The Middle/High School will include additional parent engagement events that are based on academics to increase target student attendance." This action will be in Goal 2.

Action 5: Remove, "Primary School secretary will attend meetings and report out." Amend "Title 1 teacher will attend." to "Title 1 coordinator will attend." This action will be in Goal 2 of the 2017-2018 LCAP.

Action 6: "Staff will conduct home visits and contact families who are unable to, or don't attend school functions and conferences." Will be changed to "Teachers will contact families who don't attend conferences/meetings." This will be in Goal 2.

Applicable actions from Goal 3 will be merged into Goal 2 for the 2017-2018 LCAP.

5E: High school cohort graduation rates will increase from 77% to 94%.

6A: Reduce the suspension rates by 10%.

6B: Maintain expulsion rate of 0%.

6C: Increase feeling of safety. A baseline will be established in 2016-2017 utilizing parent surveys, PAC feedback, and written concerns submitted to the District Office, student surveys and staff surveys.

#### ACTUAL

Priority 5: Pupil Engagement (Engagement)

5a. Student attendance rate is 96.67% for Elementary, 94.5% for Middle School, and 95.5% for the High School, for a District average of approximately 95% as reported from our Student Information System.

5b. Our district's Chronic absenteeism rate is 14.2% as reported from our Student Information System.

5c. Our district's middle school dropout rate is at 0% as reported by the California Department of Education.

5d. Our high school cohort dropout rates is at 0% as reported by the California Department of Education.

5e. Our high school cohort graduation rates is at 100% as reported by the California Department of Education.

Priority 6: School Climate (Engagement)

6a. Our district's suspension rate is 5% as verified by CALPADS and the California Department of Education.

6b. Our district's expulsion rate is 0% as verified by CALPADS and the California Department of Education.

6c. Using the results from the California Healthy Kids Survey, in grade 7 there is growing concern in the areas of Mental and Physical Health and School Safety. Students in grade 7 do feel supported and engaged in their school.

Actions/Services

**PLANNED**  
 Each class will include engaging and exciting lessons that students will not want to miss out on.  
 Teachers are to continue to submit their weekly lesson plans to the Lead Teacher and the District Office for audit/records.  
  
 Administration and staff need to determine what information should be contained in the weekly lesson plans and a uniform format. This could be different for the primary and middle/high school.

**ACTUAL**  
**Action Met:**  
 Sierra Primary teachers continued to submit their weekly lesson plans to the Lead Teacher and the District Office for audit/records.

**ANALYSIS**

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed.

Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

Actions/Services for this goal were generally implemented as planned with a few exceptions primarily due to the difficulty in hiring a counselor in our remote location. Behavior health was not provided in the manner established in the LCAP. In addition the actions/services for behavior management lacked consistency throughout the district due to the utilization of different behavior programs, incentives, and consequences on different sites. Student attendance awards did not take place monthly on the Middel/High School campus. The District did not establish an updated attendance requirement for sports or field trip eligibility.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

The metrics for the associated priorities and local measures were used to determine the overall effectiveness of the actions/services to achieve Goal 3:All district schools will be a place where students feel comfortable and safe, a place they want to be. Truancy rates will decrease by 10%, daily attendance average will be 96%, and behavior referrals and suspension rates will decrease by 10%.The lack of behavior counseling needs to be addressed. Students continue to need additional support in this area. Stronger connections must be made with local agencies that provide behavior counseling in the absence of staff with the appropriate training. Although suspension rates have decreased, only the subgroup, Students with Disabilities, decreased by the target goal of 10%. Sierra Primary exceeded the goal of 96% attendance while the Middle/High school did not meet the goal. \*\*\*\*\*Student survey data\*\*\*\*\*

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

Goal 3	Budget	Actual	Difference	%
Supplemental	10750	8000	-2720	26%
Base	7600	7150	-450	6%
Title 1	500	0	-500	100%
Supp. Conc.	300	0	-300	100%
Loc. Def.	2500	0	-2500	100%
Total	21650	15150	-6470	30%

The material differences for these actions and services were primarily due to the lack of established training in the various behavior management programs such as Time to Teach, Love and Logic, and Box out Bullying. The LEA determined it would be more beneficial to have one, cohesive behavior management program that was implemented with fidelity. The incentives that were budgeted for were overestimated in cost. In addition, a Behavior Counselor was not hired. The overall difference in expenditures were approximately 30% less than budgeted.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

**Analysis:**

Although the suspension rate declined for All groups, only Students with Disabilities declined by the 10% goal. The attendance rate for the primary met the goal. The Middle/High school did not reach their target goal for attendance..

**Change:**

The Primary School will be increasing the number of students in the RTI process to ensure that target groups are better represented in the process. The utilization of the behavior tracking program, SWIS, will be monitored to target areas, times, and students that may need additional supervision to help as a preventative measure. Staff will expand the Check-In-Check-Out process. This is a component of the PBIS program. The Middle/High School will be utilizing the PBIS program instead of Time to Teach. Staff will continue to be trained in classroom management as well as Tier II and Tier III interventions. The Middle/High school will increase their awards ceremonies to encourage higher attendance, Character Counts, and Student of the Month. These actions will be in Goal 2 of the 2017-2018 LCAP.

Action 1: Remove "Title 1 Teacher Salary from the current Goal #3 because it is already listed under the current Goal #5.

Action 2:- "Expand RTI to meet weekly." This action will be modified to state, "RTI meetings will occur 2 X per month unless needed more frequently." This action will be located in Goal 2.

- "Continue contract with Lassen County Probation and Lassen County SARB". This action will be modified to state, "Continue contract with Lassen County Probation Department," This modification will be in Goal 2.
- "Consider options for providing transportation for parents that cannot attend family events due to a lack of transportation." This action will be removed.

Action 5: "Love and Logic Trainings." Remove this action.

Action 6: "Each class will include engaging and exciting lessons that students will not want to miss out on." Remove this wording from Action 6.

The current Goals #2 and #3 will be merged. This merging will become the new Goal #2.

### ANNUAL MEASURABLE OUTCOMES

#### EXPECTED

5A: Student attendance rates will increase from 94.37% in 2014-2015 to 97%.

5B: Reduce chronic absenteeism by 10% from the baseline being established in 15/16.

5C: Maintain middle school dropout rates of 0%.

5D: High school cohort dropout rates will decrease in number from 4 to 0.

5E: High school cohort graduation rates will increase from 77% to 94%.

7A: All of our students had access to a visual and/or performing arts class throughout the year. We will maintain 100% access for the 2016-2017 school year.

7A: All of our students will have access to a Career and Technical Education class at least one semester.

7B: All of our students with exceptional needs will have full course access.

8A: 100% percent of 8th grade students are eligible for enrollment in an A-G four-year, academic high school plan at the end of 8th grade. The district will maintain this 100% eligibility in 2016-2017 based on MAP scores.

#### ACTUAL

##### Priority 5: Pupil Engagement (Engagement)

5a. Student attendance rate is 96.67% for Elementary, 94.5% for Middle School, and 95.5% for the High School, for a District average of approximately 95% as reported from our Student Information System.

5b. Our district's Chronic absenteeism rate is 14.2% as reported from our Student Information System.

5c. Our district's middle school dropout rate is at 0% as reported by the California Department of Education.

5d. Our high school cohort dropout rates is at 0% as reported by the California Department of Education.

5e. Our high school cohort graduation rates is at 100% as reported by the California Department of Education.

##### Priority 7: Course Access (Conditions of Learning)

7a. For the 2016-17 school year all students have access to a broad course of study. There was an increase in the number of AP and Honors classes by 2 but before and after school instruction was not provided. Alignment to the A-G courses is in progress as evidenced by CALPADS/Student Information System.

7b. Our programs and services developed and provided are available to 100% unduplicated pupils as evidenced by CALPADS/Student Information System.

7c. Our programs and services developed and provided are available to 100% individuals with exceptional needs as evidenced by CALPADS/Student Information System.

Priority 8: Pupil Outcomes (Pupil Outcomes)

8a. For the 2016-17 school year 28%( ELA) and 15% (Math) of student performed at a met or exceeded level in a broad course of study, including all significant subgroups. This information can be found in CALPADS/Student Information System and at the California Department of Education.

**ANALYSIS**

Complete a copy of the following table for each of the LEA’s goals from the prior year LCAP. Duplicate the table as needed.

Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

Actions/Services for this goal were generally implemented as planned with a few exceptions primarily due to lack of staffing and ability to hire an academic coach/ academic counselor in this remote location. A small staff decreases the ability to provide a wider variety of clubs and activities provided at districts with more staffing. However, even with the constraints of a small staff, the LEA offered many field trips at the primary, athletic opportunities at the Middle/High school, FFA, and hands-on science experiences that align with Next Generation Science standards. PLC’s were focused on increasing support to struggling students and discussion on how to expand the extracurricular opportunities to encourage student engagement at all grade levels.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

The metrics for the associated priorities and local measures were used to determine the overall effectiveness of the actions/services to achieve Goal 4: Students will be prepared for post-secondary education or vocational opportunities. Class options: CTE, College Prep, or basic graduation track with counseling toward each goal will be provided. Extra curricular choices: field trips, sports, activities, clubs. The District implemented most of the action items with fidelity but did not provide academic counseling as outlined in Goal 4. Students were given many opportunities to attend field trips at the primary level but lacked opportunities in sports and clubs. At the Middle/High school, students had many opportunities to be involved in sports and FFA field trips but lacked opportunities to participate in a variety of field trips and clubs.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

Goal 4	Budget	Actual	Difference	% difference
Sup.+Conc	28400	5400	-23000	81%
Lottery	2500	0	-2500	100%
Supplem	18000	0	-18000	100%
Base	0	19418	19418	100%
Other	0	13168	13168	100%
Total	48900	37986	-10914	22%

The material differences for the actions and services budgeted for Supplemental and Concentration were primarily due to training for Fuel programming not occurring and the 6th grade field trip being free for the 2016-2017 school year.

The material differences for the actions and services budgeted for Lottery were primarily due to the action being paid from a different funding source (Other).

The material differences for the actions and services budgeted for Base were primarily due to funding Fuel programming, covering the cost of Teacher Time that had not been accounted for, and additional costs incurred for field trips.  
The overall difference in expenditures were approximately 22% less than budgeted.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

**Analysis:**

After analysis of the outcomes on the California school Dashboard and local indicators, it was determined that an increase in attendance needs to be addressed at the Middle/High school and that additional extracurricular activities need to be offered at the primary school to increase student engagement.

**Changes:**

Staff training needs to occur for courses in Credit Recovery, AP, On-line courses-20. Academic planning support needs to be provided to students through an Academic Coach or a staff member knowledgeable in graduation requirements, AP Courses, and A-G course. The actions addressing this will be located in Goal 3. There will be an increase in extracurricular activities at the primary level to maintain their attendance. An action will be added to Goal 3 to provide some of the following opportunities: Geography Bowl, Spelling Bee, Cross Country, and Drama.

Action 5: Remove "Kidscape program to meet Ed. Code requirements for visual and performing arts for TK-8th grade".

The current Goals #4 and #5 will be merged. This merging will become the new Goal #3.

The LEA is also working with a non-profit organization to provide "life/coping strategies" for the Middle/High school students.

**ANALYSIS**

Complete a copy of the following table for each of the LEA’s goals from the prior year LCAP. Duplicate the table as needed.

Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

Actions/Services for this goal were generally implemented as planned with a few exceptions primarily due to low staffing numbers. The LEA was successful at obtaining assessment data, informing students of results, creating student goals, establishing interventions, and encouraging reading for all students at all grade levels.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

The metrics for the associated priorities and local measures were used to determine the overall effectiveness of the actions/services to achieve Goal 5: 80% of students will meet their MAP growth projection annually. Upon review of the data, the LEA determined that the effectiveness of the actions/services was insufficient and the goal of 80% of students meeting their MAP growth projection was not met. The percent of students that reached their MAP goals at the primary school were 63% in reading, 57% in LA, and 47% in math. The percent of Middle school students that reached their MAP goals were 54% in reading, 54% in LA, and 47% in math. The percent of high school students that reached their MAP goals were 54% in reading, 64% in LA, and 44% in math.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

Goal 5	expected	actual	difference	%
Supp. + Conc	1500	0	-1500	100%
Supplem.	10300	9979	-321	3%
Base	5550	3127	-2423	44%
Title 1	56800	29999	-26801	47%
Lottery	500	0	-500	100%
Total	74650	43105	-31545	42%

The material differences for the actions and services budgeted for Supplemental and Concentration were primarily due to the high school assessment not being purchased. The material differences for the actions and services budgeted for Supplemental were primarily due to an over estimation on the cost of incentives. The material differences for the actions and services budgeted for Base were primarily due to an overestimation of Homework Club supplies and testing supplies. The material differences for the actions and services budgeted for Title 1 were primarily due to an over estimation of the Title 1 teacher salary. The material differences for the actions and services budgeted for Lottery were primarily because additional books were not purchased for the Primary and Middle/High school.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

**Analysis:**  
After analysis of the outcomes on the California School Dashboard and local indicators, it was determined that emphasis needs to be placed on improving Language Arts and Math outcomes.

**Changes:**  
Emphasize additional PLC/training for utilizing assessments to drive instruction of State standards. Utilize incentives to encourage student performance in reading and math standards. Modify the use of the Title 1 teacher in identifying and supporting struggling students.  
Action 1: Remove "My Math Lab/Write to Learn" as an expense. This is no longer being used by the District.  
Goal #5 will be removed and necessary actions will be included in Goal #3.

## IMPACT ON LCAP AND ANNUAL UPDATE

### How did these consultations impact the LCAP for the upcoming year?

Parents, teachers, administrators, Union Representative, and Classified, collaborated to develop goals and priorities. Input was received and data was reviewed. Parents were able to voice ideas, concerns, and their thoughts on which goals should be priority. Surveys were developed for the Sierra Primary and Herlong Middle/High Schools. Minutes were taken at all meetings.

Board members, community, and staff present gained some understanding of the LCAP and its process. All were informed of the priorities and goals and were able to ask questions. Monthly updates on the completion of actions and financial aspect needs improvement. A format for disseminating data, decisions, and obtaining input is under consideration for subsequent years.

Discussion took place regarding the accuracy of data at the high school level. Data for the associated metrics will be reviewed and updated for the 2016 - 17 school year.

Board voted to approve the 2016 - 17 LCAP: 3 - 0 vote with 1 absent.

While Parent Events/Activities were a main goal of our 2015/16 LCAP, these events also provided an opportunity for parents to express what activities they would like to see, schedules that work best for them, concerns they may have, or things they believe are working well. These events provided impact on the selection of goals for Family Involvement. These events also provided good opportunity for parents and teachers to communicate.

Survey results showed that households believe the communication between school, home, parents, and students could be improved. Communication became a focus in several goals, and actions were developed to improve communication overall.

PLC's are held twice monthly. Each PLC incorporated some aspect of the LCAP, from trainings, to goals, to deciphering data. Staff had the chance to adjust current goals and give input on how activities could be adjusted to meet specific educational needs of all groups of students. Staff informed LCAP committee of actions they would like to include to guide their classrooms and instruction.

Surveys showed students feelings on the climate and safety in the school. Actions were developed on their input. Students were given the opportunity to voice opinions on additional extra-curricular activities. Based on student feedback, we were able to create incentive programs that encouraged positive student behavior and academic effort.

The following input and ideas were gathered from the various stakeholder engagement processes.

- Attendance Intervention ideas- parent surveys and student questionnaire for habitual absence reasons
- Credit recovery for absent students- implement Saturday school
- Monthly attendance celebrations (especially for 7th- 12th)
- Institute daily calls home for student absences and do more home visits
- RTI process and ways to involve parents in the process
- Standards based grading- what is it going to look like Tk-12
- Increase family engagement ideas and the communication about the events
- Developed a year long calendar with the family and educational events held monthly
- Conducted cyber bullying awareness and training (addressing a stakeholder concern)
- Board meetings- reviewed and condensed LCAP goals
- Advisory Committee/Site Council- hold transitional parent meetings for middle school students, update high school call out list, increase communication in different ways (more student recognition and newspaper), training and breakdown of MAP for parents and staff, color coded event calendar, invite parents to AR parties, breakfasts for award winning students to include parents

Discussion took place at each meeting about the current goals and actions, and if they were being met. Discussed if current goals were still applicable and how to adapt to current needs. Looked at current year data to decipher if actions were having an affect on results.

Board members, community, and staff present gained some understanding of the LCAP and its process. All were informed of the priorities and goals, and were able to ask questions. Monthly updates on the completion of actions and financial aspect needs improvement. A format for disseminating data, decisions, and obtaining input is under consideration for subsequent years..

Similarly, board members, community, and staff present gained a better understanding of the LCAP and its process. All were informed of the priorities and goals, and were able to supply input, questions, and ideas. Monthly updates on the completion of actions and financial aspect. Monitor data and other information.

Family engagement was a part of several 2015/16 goals. Each of these events helped the District meet these goals. During the activities, parents had an opportunity to express their ideas.

Survey results showed that households believe the communication between school, home, parents, and students could be improved. Communication became a focus in several goals, and actions were developed to improve communication overall. Surveys showed students' feelings about the climate and safety in the school. Actions were developed from their input. Students were given the opportunity to voice opinions on extra-curricular activities.

The following input and ideas were gathered from the various stakeholder engagement processes.

- Institute daily calls home for student absences and do more home visits
- RTI process and ways to involve parents in the process
- Standards based grading- what is it going to look like 9-12 (utilized at the primary 2015-2016 school year)
- Increase family engagement ideas and the communication about the events
- Developed a year long calendar with the family and educational events held monthly
- Conducted cyber bullying awareness and training (addressing a stakeholder concern)
- Board meetings- reviewed and condensed LCAP goals

### Goal 1

All students will have access to state adopted, research based, current common core curriculum and technology the enables them to become 21st century learners, taught by highly qualified credentialed teachers, in a safe, encouraging, caring, data driven environment.

2017-18 school year

State and/or Local Priorities Addressed by this goal:

STATE  1  2  3  4  5  6  7  8  
 COE  9  10  
 LOCAL

Identified Need

Needs: Effective, highly qualified staff, using adopted curriculum and adequate training to teach all students.

Priority 1: Recruit and retain Highly Qualified Teachers, provide all students with sufficient instructional materials, and maintain both schools in good or exemplary condition as measured by the Facility Inspection Tool (FIT).

Priority 2: Increase student academic achievement through lessons using California state standards and standards aligned materials.

Priority 7: All of our students will have access to a visual/or performing arts class throughout the year. All of our students will have access to a Career and Technical Education class at least one quarter out of the year. All unduplicated pupils will have access to CSS materials and lessons and additional support to achieve academic success. All of our students with exceptional needs will have full course access or access to courses that best fits their needs.

Metric: CALPADS, staffing reports, Facility Inspection Tool, SARC, Needs Assessment Report, surveys( student, parent, staff)

## Goal 2

Family engagement will be addressed at all grade levels. Relationships will be fostered between home, school, and communities to improve student performance, achievement and confidence.

All district schools will be a place where students feel comfortable and safe, a place they want to be. Truancy rates will decrease by 10%, daily attendance average will be 96%, and behavior referrals and suspension rates will decrease by 10%.

State and/or Local Priorities Addressed by this goal:

STATE  1  2  3  4  5  6  7  8  
 COE  9  10  
 LOCAL

Identified Need

Increase parent awareness and connection with the District. Help educate parents on new curriculum, standards, strategies, school policies for grading and behavior.

Priority 3: Increase efforts to seek parent, student, and staff input to build interpersonal relationships and enhance instructional environment, especially promoting participation for all unduplicated pupil subgroups.

Metric: parent surveys, student surveys, participation results

Increase attendance. Stop declining enrollment/attendance. Implement lessons and actions that focus more time on increased engagement and academic learning, and decreasing behavior problems.

Priority 5: Increase attendance and graduation rates.

Priority 6: Increase the feeling of safety for all students and to decrease suspension rates. Creating a set of norms and values that focus attention on what is most important and motivates them to work toward a common purpose. Implement with fidelity character education such as PBIS, Character Counts, DARE, peace builders, and anti-bullying assemblies. Continue to work with One Stop mental health services.

Metric: SARC, API, APY, State Assessment- rate proficient or above, MAP- RIT and Growth Projection  
 Metric: Truancy/Chronic Absenteeism rate, drop out and graduation rate, suspension and behavior referral rates, CALPAD, AERIES

### Goal 3

Students will be prepared for post-secondary education or vocational opportunities. Class options: CTE, College Prep, or basic graduation track with counseling toward each goal will be provided. Extra curricular choices: field trips, sports, activities, clubs.

80% of students will meet their MAP growth projection annually.

2017 - 18 school year

State and/or Local Priorities Addressed by this goal:

STATE  1  2  3  4  5  6  7  8  
 COE  9  10  
 LOCAL

Identified Need

Increase attendance. Stop declining enrollment/attendance. Implement lessons and actions that focus more time on increased engagement and academic learning, and decreasing behavior problems. \*\*\*\*\*replace with priorities 4 and 8\*\*\*\*

We are a low performing school- increase student achievement

Priority 4: Increase student achievement results for all students, including significant subgroups. Ensure that English Learners are gaining one year of proficiency for each year of schooling. Once Academic Performance Index (API) has been established, develop actions/services to increase proficinecy. Provide high-quality education for all students so they are college or career ready or both upon graduation from high school.

Priority 8: Ensure student outcomes in a broad course of study meet the district requirements for graduation, for all students.

# Demonstration of Increased or Improved Services for Unduplicated Pupils

LCAP Year  2017-18  2018-19  2019-20

Estimated Supplemental and Concentration Grant Funds: \$226582 Percentage to Increase or Improve Services: 15.61%

Describe how services provided for unduplicated pupils are increased or improved by at least the percentage identified above, either qualitatively or quantitatively, as compared to services provided for all students in the LCAP year.

Identify each action/service being funded and provided on a schoolwide or LEA-wide basis. Include the required descriptions supporting each schoolwide or LEA-wide use of funds (see instructions).

Fort Sage Unified School District has an unduplicated count of 61.54%, and estimates the Supplemental and Concentration funding for 2017-18 to be \$226,582. The majority of the FSUSD unduplicated count is low income, 79 students out of 126 students (62%). There are no EL students or foster students at the time of this report. Each of the 3 schools in the District have at least 77% unduplicated count (Sierra Primary- 83%, Fort Sage Middle-76%, Herlong High-59%, District Average w/out MLCS-72.67%, MLCS- 34%, District Average with MLCS- 63%, therefore the Supplemental/Concentration funds will be used LEA-wide. Each of the goals in the LCAP pertain to all students of the District and will be principally directed toward the unduplicated pupils, to increase achievement in the priority areas.

## Goal 1

### Actions/services:

1.1 Professional Development for all staff in the following areas: COST: \$7,500

ELA and Math Common Core, classroom management/positive environment and relationship building, and differentiated learning

Justification: Researched based studies indicates professional learning improves teachers' practice and student learning.

1.2 100% of courses will be taught by Highly Qualified teachers as defined by the state of California and Federal Agencies. COST: \$3,300

Those not HQ will participate in a District approved program. The program must allow participant to be considered HQ upon completion for it to be authorized by the district.

Justification: Highly qualified teachers have the knowledge and resources to deliver high quality instruction to students.

1.3 Replace 20% of desktop computers COST: \$9,200.

Justification: By having adequate technology available, students are able to access a broader scope of study and assessment tools such as: Advanced Placement courses, on-line courses, IStation, Moby Max, FUEL, APEX, CAASPP tests, MAP. These assessment tools are used by educators to drive instruction and determine if enrichment or remedial steps should be taken. Computer programs can provide students with additional access to information through ability leveling programs.

1.4 Continue training in adopted ELA/ELD Common Core Curriculum utilizing PLC's. Develop a pacing schedule K-12 for Language Arts and Mathematics. Adopt Next Gen Science or Social Studies Curriculum if State recommendations are available. COST: \$34,000

Justification: Teachers now have the latest Math and Language Art Materials. We will be adding the new Science and Social Studies materials as they become available. Teacher need to be training in how to deliver the content and develop a pacing guide to plan their courses of study.

1.5 Provide Instructional aide and Title 1 support COST: \$111,800

Justification: Aide support provides a myriad of benefits to our school sites. It allows provide for an improved student to staff ratio, allowing for more support in behavior, and academics. Students will be provided with more individualized education, due to this additional staffing, which will increase the odds of graduation, improved attendance, and positive behavior. The Title 1 teacher provides specific and targeted intervention for struggling readers and in basic math skills.

1.6 Facility Projects per 5 year facility plan (Board Approved). The plan should incorporate feedback from staff, student, and parent surveys as well as data collected during monthly inspections. COST: \$20,000

Justification: General maintenance and upkeep to provide for a safe, efficient, and comfortable environment that looks professional and modern.

## Goal 2

### Actions/Services:

2.1 Utilize Blackboard Connect and monthly newsletters to relay messages to families about upcoming events, special activities, alerts, and requirements COST: \$1,600.

Justification: Keeping families involved in upcoming events, testing dates and requirements, parent conferences, and safety alerts helps build trust and improves communication between school and home. When parents feel connected to the school they will tend help support school decisions, be open to utilizing school strategies and will reach out when they need support at home.

2.2 Administer 3 parent surveys and 3 student surveys throughout the school year to allow feedback from stakeholders on questions and concerns related to academics, safety, school activities, staff, grounds, extracurricular activities, etc. COST: \$ 0

Justification: Utilizing surveys allows for our school to get feedback on how families, staff, and students feel about the schools climate, academic choices, safety issues, goals, priorities, and extracurricular offerings. Our school will utilize survey data to look for patterns/trends, adjust for common areas of concern, areas of improvement, and new ideas.

2.3 Website - Each site will have an administer to do weekly updates. Each teacher will update their page at least monthly. COST: \$1,000

Justification: An online resource for families to access school information helps increase parent engagement.

2.4 Hold Family Engagement activities to increase to foster relationships between home, school and communities to improve student performance, achievement and confidence. COST: \$1000.

Justification: Studies indicate that "parents and families have the most direct and lasting impact on children's learning and development of social competence. When parents are involved, students achieve more, exhibit more positive attitudes and behavior, and feel more comfortable in new settings." Adam, S.K., Baronberg, J., Pearson Allyn Bacon Prentice Hall, "Promoting Positive Behavior." Education.com

2.5 Advisory/Site Council and Parent Advisory Committee (PAC) will meet monthly. COST: \$0

Justification: The Advisory/Site Council is important to get stakeholder input into decisions the district makes.

2.6 Staff will contact families who are unable to, or don't attend school functions and conferences. A monthly log will be turned into the District office by the classroom/homeroom teacher. COST: \$ 0

Justification: A tracking system for home visits and contacting families who are unable to attend school functions and conferences will allow staff to ensure all families are given the opportunity to be engaged with student learning and the school community.

2.7 Parent conferences will be held 1 or more times annually at Sierra Primary School. Frequency and dates will be determined by administration. The High School will conduct Parent conferences at the frequency and dates determined by administration. COST: \$0

Justification: Studies indicate that "parents and families have the most direct and lasting impact on children's learning and development of social competence. When parents are involved, students achieve more, exhibit more positive attitudes and behavior, and feel more comfortable in new settings." Adam, S.K., Baronberg, J., Pearson Allyn Bacon Prentice Hall, "Promoting Positive Behavior." Education.com

2.8 Provide counseling to students, plus continue to provide a Title 1 teacher and the partnership with One- Stop/Family Resource Center for mental health counseling. COST: \$9,500

Justification: Students who feel supported through counseling, academics, and through mental health support as needed will do better in school.

2.9 Conduct RTI's 2 times per month and Utilize the 3 tier intervention system. COST: \$400

Justification: The RTI model helps to focus on struggling students and to identify possible solutions to get them on the track to success.

2.10 Address attendance issues. Continue contract with Lassen County Probation Department. COST: \$6,750

Justification: Students need to be at school to be able to participate.

2.11 Continue PBIS, PAWS cards, and Time to Teach. Continue with Family award ceremonies that promote Character Counts and Student of the Month, COST: \$1,750

Justification: A consistent system for school and classroom behavior management will help staff and students focus on learning. These positive behavior incentives will promote a safe and productive school climate for all students at all grade levels.

2.12 Teachers are to continue to submit their weekly lesson plans to the Lead Teacher and the District Office for audit/records. COST: \$0

Justification: Accountability for what content is delivered will help teachers plan their school year.

\*\*\*\*\*

Goal 3

Actions/services:

3.1 Purchase and utilize computer programs designated for credit recovery, Advanced Placement classes, and on-line courses to provide students with a broader course of study and enrichment. COST \$12,750

Justification: Utilizing computer programs for credit recovery, Advanced Placement classes, and on-line courses, will broaden the course of study, increase remediation and enrichment opportunities for students. This could increase student academic improvement, college readiness, and graduation rate.

3.2 Implement Next Gen Science curriculum. Provide science labs opportunities at all grade levels. COST: \$2500

Justification: This provides students with an alternative means of accessing required grade level State standards for science. Interactive learning experience will introduce those standards in a way that is highly engaging and entertaining making this academic material more attainable to students.

3.3 Increase CTE class offerings. Continue with 2+2 programs with Lassen Community College. Maintain teacher at Herlong High, capable of teaching CTE classes. COST: \$0

Justification: Connecting students with institutions of high education such as Lassen Community College will encourage them to plan for life after high school.

3.4 Students will be provided with an academic coach(possibly the home room teacher/Advisory Period teacher) to establish graduation goals and support in achieving those goals. COST: \$17,175

Justification: This will increase student graduation rates and provide guidance for academic goals. Students will have access to this staff member to answer questions and concerns and establishing specific goals and course choices to ensure their ability to graduate with their cohort.

3.5 K-8 educational programs to include a broader range of study including: 6th Grade Science Trip and County Sponsored grade specific events. COST: \$8,000

Justification: This provides students with an alternative means of accessing required grade level State standards for science and social studies. This interactive learning experience will introduce those standards in a way that is highly engaging and entertaining making this academic material more attainable to students.

Total LCFF Expenditures described above: \$176,625 which is 78% of the Supplemental and Concentration Grant

# Revised Local Control and Accountability Plan and Annual Update Template Instructions

## Addendum

*The Local Control and Accountability Plan (LCAP) and Annual Update Template documents and communicates local educational agencies' (LEAs) actions and expenditures to support student outcomes and overall performance. For school districts and county offices of education, the LCAP is a three-year plan which is reviewed and updated in the second and third years of the plan. Charter schools may complete the LCAP to align with the term of the charter school's budget, typically one year, which is submitted to the school's authorizer. The LCAP and Annual Update Template must be completed by all LEAs each year.*

*For school districts, the LCAP must describe, for the school district and each school within the district, goals and specific actions to achieve those goals for all students and each student group identified by the Local Control Funding Formula (LCFF) (ethnic, socioeconomically disadvantaged, English learners, foster youth, pupils with disabilities, and homeless youth), for each of the state priorities and any locally identified priorities.*

*For county offices of education, the LCAP must describe, for each county office of education-operated school and program, goals and specific actions to achieve those goals for all students and each LCFF student group funded through the county office of education (students attending juvenile court schools, on probation or parole, or expelled under certain conditions) for each of the state priorities and any locally identified priorities. School districts and county offices of education may additionally coordinate and describe in their LCAPs services funded by a school district that are provided to students attending county-operated schools and programs, including special education programs.*

*If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in Education Code (EC) sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.*

*Charter schools must describe goals and specific actions to achieve those goals for all students and each LCFF subgroup of students including students with disabilities and homeless youth, for each of the state priorities that apply for the grade levels served or the nature of the program operated by the charter school, and any locally identified priorities. For charter schools, the inclusion and description of goals for state priorities in the LCAP may be modified to meet the grade levels served and the nature of the programs provided, including modifications to reflect only the statutory requirements explicitly applicable to charter schools in the Education Code. Changes in LCAP goals and actions/services for charter schools that result from the annual update process do not necessarily constitute a material revision to the school's charter petition.*

## Plan Summary

The LCAP is intended to reflect an LEA's annual goals, actions, services and expenditures within a fixed three-year planning cycle. LEAs must include a plan summary for the LCAP each year.

When developing the LCAP, mark the appropriate LCAP year, and address the prompts provided in these sections. When developing the LCAP in year 2 or year 3, mark the appropriate LCAP year and replace the previous summary information with information relevant to the current year LCAP.

In this section, briefly address the prompts provided. These prompts are not limits. LEAs may include information regarding local program(s), community demographics, and the overall vision of the LEA. LEAs may also attach documents (e.g., the LCFF Evaluation Rubrics data reports) if desired and/or include charts illustrating goals, planned outcomes, actual outcomes, or related planned and actual expenditures.

An LEA may use an alternative format for the plan summary as long as it includes the information specified in each prompt and the budget summary table.

The reference to LCFF Evaluation Rubrics means the evaluation rubrics adopted by the State Board of Education under *EC* Section 52064.5.

## Budget Summary

The LEA must complete the LCAP Budget Summary table as follows:

- **Total LEA General Fund Budget Expenditures for the LCAP Year:** This amount is the LEA's total budgeted General Fund expenditures for the LCAP year. The LCAP year means the fiscal year for which an LCAP is adopted or updated by July 1. The General Fund is the main operating fund of the LEA and accounts for all activities not accounted for in another fund. All activities are reported in the General Fund unless there is a compelling reason to account for an activity in another fund. For further information please refer to the *California School Accounting Manual* (<http://www.cde.ca.gov/fg/ac/sa/>). (Note: For some charter schools that follow governmental fund accounting, this amount is the total budgeted expenditures in the Charter Schools Special Revenue Fund. For charter schools that follow the not-for-profit accounting model, this amount is total budgeted expenses, such as those budgeted in the Charter Schools Enterprise Fund.)
- **Total Funds Budgeted for Planned Actions/Services to Meet the Goals in the LCAP for the LCAP Year:** This amount is the total of the budgeted expenditures associated with the actions/services included for the LCAP year from all sources of funds, as reflected in the LCAP. To the extent actions/services and/or expenditures are listed in the LCAP under more than one goal, the expenditures should be counted only once.
- **Description of any use(s) of the General Fund Budget Expenditures specified above for the LCAP year not included in the LCAP:** Briefly describe expenditures included in total General Fund Expenditures that are not included in the total funds budgeted for planned actions/services for

the LCAP year. (Note: The total funds budgeted for planned actions/services may include funds other than general fund expenditures.)

- **Total Projected LCFF Revenues for LCAP Year:** This amount is the total amount of LCFF funding the LEA estimates it will receive pursuant to *EC* sections 42238.02 (for school districts and charter schools) and 2574 (for county offices of education), as implemented by *EC* sections 42238.03 and 2575 for the LCAP year respectively.

## Annual Update

The planned goals, expected outcomes, actions/services, and budgeted expenditures must be copied verbatim from the previous year's\* approved LCAP. Minor typographical errors may be corrected.

\* For example, for LCAP year 2017/18 of the 2017/18 – 2019/20 LCAP, review the goals in the 2016/17 LCAP. Moving forward, review the goals from the most recent LCAP year. For example, LCAP year 2020/21 will review goals from the 2019/20 LCAP year, which is the last year of the 2017/18 – 2019/20 LCAP.

## Annual Measurable Outcomes

For each goal in the prior year, identify and review the actual measurable outcomes as compared to the expected annual measurable outcomes identified in the prior year for the goal.

## Actions/Services

Identify the planned Actions/Services and the budgeted expenditures to implement these actions toward achieving the described goal. Identify the **actual** actions/services implemented to meet the described goal and the estimated actual annual expenditures to implement the actions/services. As applicable, identify any changes to the students or student groups served, or to the planned location of the actions/services provided.

## Analysis

Using actual annual measurable outcome data, including data from the LCFF Evaluation Rubrics, analyze whether the planned actions/services were effective in achieving the goal. Respond to the prompts as instructed.

- Describe the overall implementation of the actions/services to achieve the articulated goal. Include a discussion of relevant challenges and successes experienced with the implementation process.
- Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.
- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures. Minor variances in expenditures or a dollar-for-dollar accounting is not required.
- Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the data provided in the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

## Stakeholder Engagement

Meaningful engagement of parents, students, and other stakeholders, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Education Code identifies the minimum consultation requirements for school districts and county offices of education as consulting with teachers, principals, administrators, other school personnel, local bargaining units of the school district, parents, and pupils in developing the LCAP. Education Code requires charter schools to consult with teachers, principals, administrators, other school personnel, parents, and pupils in developing the LCAP. In addition, Education Code Section 48985 specifies the requirements for the translation of notices, reports, statements, or records sent to a parent or guardian.

The LCAP should be shared with, and LEAs should request input from, school site-level advisory groups, as applicable (e.g., school site councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between school-site and district-level goals and actions. An LEA may incorporate or reference actions described in other plans that are being undertaken to meet specific goals.

**Instructions:** The stakeholder engagement process is an ongoing, annual process. The requirements for this section are the same for each year of a three-year LCAP. When developing the LCAP, mark the appropriate LCAP year, and describe the stakeholder engagement process used to develop the LCAP and Annual Update. When developing the LCAP in year 2 or year 3, mark the appropriate LCAP year and replace the previous stakeholder narrative(s) and describe the stakeholder engagement process used to develop the current year LCAP and Annual Update.

**School districts and county offices of education:** Describe the process used to consult with the Parent Advisory Committee, the English Learner Parent Advisory Committee, parents, students, school personnel, the LEA's local bargaining units, and the community to inform the development of the LCAP and the annual review and analysis for the indicated LCAP year.

**Charter schools:** Describe the process used to consult with teachers, principals, administrators, other school personnel, parents, and students to inform the development of the LCAP and the annual review and analysis for the indicated LCAP year.

Describe how the consultation process impacted the development of the LCAP and annual update for the indicated LCAP year, including the goals, actions, services, and expenditures.

## Goals, Actions, and Services

LEAs must include a description of the annual goals, for all students and each LCFF identified group of students, to be achieved for each state priority as applicable to type of LEA. An LEA may also include additional local priorities. This section shall also include a description of the specific planned actions an LEA will take to meet the identified goals, and a description of the expenditures required to implement the specific actions.

**School districts and county offices of education:** The LCAP is a three-year plan, which is reviewed and updated annually, as required.

**Charter schools:** The number of years addressed in the LCAP may align with the term of the charter schools budget, typically one year, which is submitted to the school's authorizer. If year 2 and/or year 3 is not applicable, charter schools must specify as such.

### **New, Modified, Unchanged**

As part of the LCAP development process, which includes the annual update and stakeholder engagement, indicate if the goal, identified need, related state and/or local priorities, and/or expected annual measurable outcomes for the current LCAP year or future LCAP years are modified or unchanged from the previous year's LCAP; or, specify if the goal is new.

### Goal

State the goal. LEAs may number the goals using the "Goal #" box for ease of reference. A goal is a broad statement that describes the desired result to which all actions/services are directed. A goal answers the question: What is the LEA seeking to achieve?

### Related State and/or Local Priorities

Identify the state and/or local priorities addressed by the goal by placing a check mark next to the applicable priority or priorities. The LCAP must include goals that address each of the state priorities, as applicable to the type of LEA, and any additional local priorities; however, one goal may address multiple priorities. ([Link to State Priorities](#))

### Identified Need

Describe the needs that led to establishing the goal. The identified needs may be based on quantitative or qualitative information, including, but not limited to, results of the annual update process or performance data from the LCFF Evaluation Rubrics, as applicable.

### **Expected Annual Measurable Outcomes**

For each LCAP year, identify the metric(s) or indicator(s) that the LEA will use to track progress toward the expected outcomes. LEAs may identify metrics for specific student groups. Include in the baseline column the most recent data associated with this metric or indicator available at the time of adoption of the LCAP for the first year of the three-year plan. The most recent data associated with a metric or indicator includes data as reported in the annual update of the LCAP year immediately preceding the three-year plan, as applicable. The baseline data shall remain unchanged throughout the three-year LCAP. In the subsequent year columns, identify the progress to be made in each year of the three-year cycle of the LCAP. Consider how expected outcomes in any given year are related to the expected outcomes for subsequent years.

The metrics may be quantitative or qualitative, but at minimum an LEA must use the applicable required metrics for the related state priorities, in each LCAP year as applicable to the type of LEA. For the student engagement priority metrics, as applicable, LEAs must calculate the rates as described in the [LCAP Template Appendix, sections \(a\) through \(d\)](#).

### **Planned Actions/Services**

For each action/service, the LEA must complete either the section “For Actions/Services not contributing to meeting Increased or Improved Services Requirement” or the section “For Actions/Services Contributing to Meeting the Increased or Improved Services Requirement.” The LEA shall not complete both sections for a single action.

#### **For Actions/Services Not Contributing to Meeting the Increased or Improved Services Requirement**

##### **Students to be Served**

The “Students to be Served” box is to be completed for all actions/services except for those which are included by the LEA as contributing to meeting the requirement to increase or improve services for unduplicated students. Indicate in this box which students will benefit from the actions/services by checking “All”, “Students with Disabilities”, or “Specific Student Group(s)”. If “Specific Student Group(s)” is checked, identify the specific student group(s) as appropriate.

##### **Location(s)**

Identify the location where the action/services will be provided. If the services are provided to all schools within the LEA, the LEA must indicate “All Schools”. If the services are provided to specific schools within the LEA or specific grade spans only, the LEA must mark “Specific Schools” or “Specific Grade Spans”. Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades K-5), as appropriate.

**Charter schools** operating more than one site, authorized within the same charter petition, may choose to distinguish between sites by selecting “Specific Schools” and identify the site(s) where the actions/services will be provided. For charter schools operating only one site, “All Schools” and “Specific Schools” may be synonymous and, therefore, either would be appropriate. Charter schools may use either term provided they are used in a consistent manner through the LCAP.

#### **For Actions/Services Contributing to Meeting the Increased or Improved Services Requirement:**

##### **Students to be Served**

For any action/service contributing to the LEA’s overall demonstration that it has increased or improved services for unduplicated students above what is provided to all students (see [Demonstration of Increased or Improved Services for Unduplicated Students](#) section, below), the LEA must identify the unduplicated student group(s) being served.

##### **Scope of Service**

For each action/service contributing to meeting the increased or improved services requirement, identify scope of service by indicating “LEA-wide”, “Schoolwide”, or “Limited to Unduplicated Student Group(s)”. The LEA must select one of the following three options:

- If the action/service is being funded and provided to upgrade the entire educational program of the LEA, place a check mark next to “LEA-wide.”
- If the action/service is being funded and provided to upgrade the entire educational program of a particular school or schools, place a check mark next to “schoolwide”.
- If the action/service being funded and provided is limited to the unduplicated students identified in “Students to be Served”, place a check mark next to “Limited to Student Groups”.

**For charter schools and single-school school districts**, “LEA-wide” and “Schoolwide” may be synonymous and, therefore, either would be appropriate. For charter schools operating multiple schools (determined by a unique CDS code) under a single charter, use “LEA-wide” to refer to all schools under the charter and use “Schoolwide” to refer to a single school authorized within the same charter petition. Charter schools operating a single school may use “LEA-wide” or “Schoolwide” provided these terms are used in a consistent manner through the LCAP.

### Location(s)

Identify the location where the action/services will be provided. If the services are provided to all schools within the LEA, the LEA must indicate “All Schools”. If the services are provided to specific schools within the LEA or specific grade spans only, the LEA must mark “Specific Schools” or “Specific Grade Spans”. Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades K-5), as appropriate.

**Charter schools** operating more than one site, authorized within the same charter petition, may choose to distinguish between sites by selecting “Specific Schools” and identify the site(s) where the actions/services will be provided. For charter schools operating only one site, “All Schools” and “Specific Schools” may be synonymous and, therefore, either would be appropriate. Charter schools may use either term provided they are used in a consistent manner through the LCAP.

### Actions/Services

For each LCAP year, identify the actions to be performed and services provided to meet the described goal. Actions and services that are implemented to achieve the identified goal may be grouped together. LEAs may number the action/service using the “Action #” box for ease of reference.

#### **New/Modified/Unchanged:**

- Check “New” if the action/service is being added in any of the three years of the LCAP to meet the articulated goal.
- Check “Modified” if the action/service was included to meet an articulated goal and has been changed or modified in any way from the prior year description.
- Check “Unchanged” if the action/service was included to meet an articulated goal and has not been changed or modified in any way from the prior year description.
  - If a planned action/service is anticipated to remain unchanged for the duration of the plan, an LEA may check “Unchanged” and leave the subsequent year columns blank rather than having to copy/paste the action/service into the subsequent year columns. Budgeted expenditures may be treated in the same way as applicable.

**Note:** The goal from the prior year may or may not be included in the current three-year LCAP. For example, when developing year 1 of the LCAP, the goals articulated in year 3 of the preceding three-year LCAP will be from the prior year.

**Charter schools** may complete the LCAP to align with the term of the charter school’s budget that is submitted to the school’s authorizer. Accordingly, a charter school submitting a one-year budget to its authorizer may choose not to complete the year 2 and year 3 portions of the Goals, Actions, and

Services section of the template. If year 2 and/or year 3 is not applicable, charter schools must specify as such.

### Budgeted Expenditures

For each action/service, list and describe budgeted expenditures for each school year to implement these actions, including where those expenditures can be found in the LEA's budget. The LEA must reference all fund sources for each proposed expenditure. Expenditures must be classified using the California School Accounting Manual as required by *Education Code* sections 52061, 52067, and 47606.5.

Expenditures that are included more than once in an LCAP must be indicated as a duplicated expenditure and include a reference to the goal and action/service where the expenditure first appears in the LCAP.

If a county superintendent of schools has jurisdiction over a single school district, and chooses to complete a single LCAP, the LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted expenditures are aligned.

### Demonstration of Increased or Improved Services for Unduplicated Students

This section must be completed for each LCAP year. When developing the LCAP in year 2 or year 3, copy the Demonstration of Increased or Improved Services for Unduplicated Students table and mark the appropriate LCAP year. Using the copy of the table, complete the table as required for the current year LCAP. Retain all prior year tables for this section for each of the three years within the LCAP.

#### Estimated Supplemental and Concentration Grant Funds

Identify the amount of funds in the LCAP year calculated on the basis of the number and concentration of low income, foster youth, and English learner students as determined pursuant to 5 CCR 15496(a)(5).

#### Percentage to Increase or Improve Services

Identify the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 CCR 15496(a)(7).

Consistent with the requirements of 5 CCR 15496, describe how services provided for unduplicated pupils are increased or improved by at least the percentage calculated as compared to services provided for all students in the LCAP year. To improve services means to grow services in quality and to increase services means to grow services in quantity. This description must address how the action(s)/service(s) limited for one or more unduplicated student group(s), and any schoolwide or districtwide action(s)/service(s) supported by the appropriate description, taken together, result in the required proportional increase or improvement in services for unduplicated pupils.

If the overall increased or improved services include any actions/services being funded and provided on a schoolwide or districtwide basis, identify each action/service and include the required descriptions supporting each action/service as follows.

For those services being provided on an LEA-wide basis:

- For school districts with an unduplicated pupil percentage of 55% or more, and for charter schools and county offices of education: Describe how these services are **principally directed to** and **effective in** meeting its goals for unduplicated pupils in the state and any local priorities.
- For school districts with an unduplicated pupil percentage of less than 55%: Describe how these services are **principally directed to** and **effective in** meeting its goals for unduplicated pupils in the state and any local priorities. Also describe how the services are **the most effective use of the funds to** meet these goals for its unduplicated pupils. Provide the basis for this determination, including any alternatives considered, supporting research, experience or educational theory.

For school districts only, identify in the description those services being funded and provided on a schoolwide basis, and include the required description supporting the use of the funds on a schoolwide basis:

- For schools with 40% or more enrollment of unduplicated pupils: Describe how these services are **principally directed to** and **effective in** meeting its goals for its unduplicated pupils in the state and any local priorities.
- For school districts expending funds on a schoolwide basis at a school with less than 40% enrollment of unduplicated pupils: Describe how these services are **principally directed to** and how the services are **the most effective use of the funds to** meet its goals for English learners, low income students and foster youth, in the state and any local priorities.

## State Priorities

**Priority 1: Basic Services** addresses the degree to which:

- A. Teachers in the LEA are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- B. Pupils in the school district have sufficient access to the standards-aligned instructional materials; and
- C. School facilities are maintained in good repair.

**Priority 2: Implementation of State Standards** addresses:

- A. The implementation of state board adopted academic content and performance standards for all students, which are:
  - a. English Language Arts – Common Core State Standards for English Language Arts
  - b. Mathematics – Common Core State Standards for Mathematics
  - c. English Language Development
  - d. Career Technical Education
  - e. Health Education Content Standards
  - f. History-Social Science
  - g. Model School Library Standards
  - h. Physical Education Model Content Standards
  - i. Next Generation Science Standards
  - j. Visual and Performing Arts
  - k. World Language; and
- B. How the programs and services will enable English learners to access the CCSS and the ELD standards for purposes of gaining academic content knowledge and English language proficiency.

**Priority 3: Parental Involvement** addresses:

- A. The efforts the school district makes to seek parent input in making decisions for the school district and each individual school site;
- B. How the school district will promote parental participation in programs for unduplicated pupils; and
- C. How the school district will promote parental participation in programs for individuals with exceptional needs.

**Priority 4: Pupil Achievement** as measured by all of the following, as applicable:

- A. Statewide assessments;
- B. The Academic Performance Index;
- C. The percentage of pupils who have successfully completed courses that satisfy UC or CSU entrance requirements, or programs of study that align with state board approved career technical educational standards and framework;
- D. The percentage of English learner pupils who make progress toward English proficiency as measured by the CELDT;
- E. The English learner reclassification rate;
- F. The percentage of pupils who have passed an advanced placement examination with a score of 3 or higher; and
- G. The percentage of pupils who participate in, and demonstrate college preparedness pursuant to, the Early Assessment Program, or any subsequent assessment of college preparedness.

**Priority 5: Pupil Engagement** as measured by all of the following, as applicable:

- A. School attendance rates;
- B. Chronic absenteeism rates;

- C. Middle school dropout rates;
- D. High school dropout rates; and
- E. High school graduation rates;

## APPENDIX A: PRIORITIES 5 AND 6 RATE CALCULATION INSTRUCTIONS

For the purposes of completing the LCAP in reference to the state priorities under *Education Code* sections 52060 and 52066, as applicable to type of LEA, the following shall apply:

(a) “Chronic absenteeism rate” shall be calculated as follows:

- (1) The number of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30) who are chronically absent where “chronic absentee” means a pupil who is absent 10 percent or more of the schooldays in the school year when the total number of days a pupil is absent is divided by the total number of days the pupil is enrolled and school was actually taught in the total number of days the pupil is enrolled and school was actually taught in the regular day schools of the district, exclusive of Saturdays and Sundays.
- (2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).
- (3) Divide (1) by (2).

(b) “Middle School dropout rate” shall be calculated as set forth in *California Code of Regulations*, title 5, Section 1039.1.

(c) “High school dropout rate” shall be calculated as follows:

- (1) The number of cohort members who dropout by the end of year 4 in the cohort where “cohort” is defined as the number of first-time grade 9 pupils in year 1 (starting cohort) plus pupils who transfer in, minus pupils who transfer out, emigrate, or die during school years 1, 2, 3, and 4.
- (2) The total number of cohort members.
- (3) Divide (1) by (2).

(d) “High school graduation rate” shall be calculated as follows:

- (1) The number of cohort members who earned a regular high school diploma [or earned an adult education high school diploma or passed the California High School Proficiency Exam] by the end of year 4 in the cohort where “cohort” is defined as the number of first-time grade 9 pupils in year 1 (starting cohort) plus pupils who transfer in, minus pupils who transfer out, emigrate, or die during school years 1, 2, 3, and 4.
- (2) The total number of cohort members.
- (3) Divide (1) by (2).

(e) “Suspension rate” shall be calculated as follows:

- (1) The unduplicated count of pupils involved in one or more incidents for which the pupil was suspended during the academic year (July 1 – June 30).
- (2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).
- (3) Divide (1) by (2).

(f) "Expulsion rate" shall be calculated as follows:

- (1) The unduplicated count of pupils involved in one or more incidents for which the pupil was expelled during the academic year (July 1 – June 30).
- (2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).
- (3) Divide (1) by (2).

Sections 6312 and 6314.

## **APPENDIX B: GUIDING QUESTIONS**

### **Guiding Questions: Annual Review and Analysis**

- 1) How have the actions/services addressed the needs of all pupils and did the provisions of those services result in the desired outcomes?
- 2) How have the actions/services addressed the needs of all subgroups of pupils identified pursuant to *Education Code* Section 52052, including, but not limited to, English learners, low-income pupils, and foster youth; and did the provision of those actions/services result in the desired outcomes?
- 3) How have the actions/services addressed the identified needs and goals of specific school sites and were these actions/services effective in achieving the desired outcomes?
- 4) What information (e.g., quantitative and qualitative data/metrics) was examined to review progress toward goals in the annual update?
- 5) What progress has been achieved toward the goal and expected measurable outcome(s)? How effective were the actions and services in making progress toward the goal? What changes to goals, actions, services, and expenditures are being made in the LCAP as a result of the review of progress and assessment of the effectiveness of the actions and services?
- 6) What differences are there between budgeted expenditures and estimated actual annual expenditures? What were the reasons for any differences?

### **Guiding Questions: Stakeholder Engagement**

- 1) How have applicable stakeholders (e.g., parents and pupils, including parents of unduplicated pupils and unduplicated pupils identified in *Education Code* Section 42238.01; community members; local bargaining units; LEA personnel; county child welfare agencies; county office of education foster youth services programs, court-appointed special advocates, and other foster youth stakeholders; community organizations representing English learners; and others as appropriate) been engaged and involved in developing, reviewing, and supporting implementation of the LCAP?
- 2) How have stakeholders been included in the LEA's process in a timely manner to allow for engagement in the development of the LCAP?
- 3) What information (e.g., quantitative and qualitative data/metrics) was made available to stakeholders related to the state priorities and used by the LEA to inform the LCAP goal setting process? How was the information made available?
- 4) What changes, if any, were made in the LCAP prior to adoption as a result of written comments or other feedback received by the LEA through any of the LEA's engagement processes?
- 5) What specific actions were taken to meet statutory requirements for stakeholder engagement pursuant to *Education Code* sections 52062, 52068, or 47606.5, as applicable, including engagement with representatives of parents and guardians of pupils identified in *Education Code* Section 42238.01?
- 6) What specific actions were taken to consult with pupils to meet the requirements 5 CCR 15495(a)?
- 7) How has stakeholder involvement been continued and supported? How has the involvement of these stakeholders supported improved outcomes for pupils, including unduplicated pupils, related to the state priorities?

## Guiding Questions: Goals, Actions, and Services

- 1) What are the LEA's goal(s) to address state priorities related to "Conditions of Learning": Basic Services (Priority 1), the Implementation of State Standards (Priority 2), and Course Access (Priority 7)?
- 2) What are the LEA's goal(s) to address state priorities related to "Pupil Outcomes": Pupil Achievement (Priority 4), Pupil Outcomes (Priority 8), Coordination of Instruction of Expelled Pupils (Priority 9 – COE Only), and Coordination of Services for Foster Youth (Priority 10 – COE Only)?
- 3) What are the LEA's goal(s) to address state priorities related to parent and pupil "Engagement": Parental Involvement (Priority 3), Pupil Engagement (Priority 5), and School Climate (Priority 6)?
- 4) What are the LEA's goal(s) to address any locally-identified priorities?
- 5) How have the unique needs of individual school sites been evaluated to inform the development of meaningful district and/or individual school site goals (e.g., input from site level advisory groups, staff, parents, community, pupils; review of school level plans; in-depth school level data analysis, etc.)?
- 6) What are the unique goals for unduplicated pupils as defined in *Education Code* sections 42238.01 and bgroups as defined in section 52052 that are different from the LEA's goals for all pupils?
- 7) What are the specific expected measurable outcomes associated with each of the goals annually and over the term of the LCAP?
- 8) What information (e.g., quantitative and qualitative data/metrics) was considered/reviewed to develop goals to address each state or local priority?
- 9) What information was considered/reviewed for individual school sites?
- 10) What information was considered/reviewed for subgroups identified in *Education Code* Section 52052?
- 11) What actions/services will be provided to all pupils, to subgroups of pupils identified pursuant to *Education Code* Section 52052, to specific school sites, to English learners, to low-income pupils, and/or to foster youth to achieve goals identified in the LCAP?
- 12) How do these actions/services link to identified goals and expected measurable outcomes?
- 13) What expenditures support changes to actions/services as a result of the goal identified? Where can these expenditures be found in the LEA's budget?
